Looking for a beautiful, remote waterfront summer home? This is it! This lakefront home was built by the sellers to be their dream summer home. With two gas fireplaces supplying the needed heating, this well-constructed home has vaulted ceilings, 2x6 walls, and absolutely perfect craftsmanship that you'll notice immediately. Enter this home from the back entrance into a beautiful kitchen with an open concept into the dining area and living room. Walk out of the dining area slider to an eye-catching metal gazebo that sits up on a large deck with a great view overlooking the lake. Walk back into the living room to find a gas fireplace that sits in the most attractive two story chimney you have ever seen, with hand-crafted stonework and a perfect mantle. As you move upstairs to the loft, you'll find a lovely styled and well-constructed two-bed bedroom. To enjoy hosting and for your own entertainment, head to the lower level to find a free-standing fireplace to cozy up, or enjoy your music on an elegant Wurlitzer Jukebox that sits aside the gorgeous bar to have a refreshment. From there, travel through the walk out sliders and sit outside to view the lake on the bench swing. Long Lake has an inlet and outlet that holds walleye and perch, two of the best eating fish for your grill. Also, you'll enjoy the acreage for great hunting and side-by-side trails to enjoy. There is a 11x26 storage area/work bench/utility room in the lower level that could also be used to create a laundry room. The entire home is off-the-grid, completely powered by a large solar panel with a Kohler back-up generator and \$4,500 worth of newly purchased batteries. Sellers are leaving appliances, beautiful furnishings outside of personal belongings, a reliable loader/backhoe and dump truck both in good running condition, power washer, riding lawn mower and possibly a few more convenient living items.
