FLAG PRAIRIE

LOCATION: 20 acres is located in Harney Valley. Account #5759, T23S, R 32V EWM, section 05, tax lot #500. 40 acres is located next to the 20 acre parcel and is Account # 5811, T23S, R32V EWM. Permit is at Flag Prairie, about 30 miles east of Seneca, OR and about 23 miles north of Drewsey, OR.

PROPERTY: The 20 acres will be the base property for the permit. It is bare land, but has access to stock water and could be used to load and unload cattle. Owners will give access to the property from Highway 20. Flag Prairie permit is in two parts:

227	Cattle	Mature cow w/ nursing calf	6/1– 10/15
334	Cattle	Mature cow w/ nursing calf	6/5 –10/30
Plus 8	Horse	Horse or Mule	6/1 - 10/30

The horse permit is in a holding pasture.

Owner states it is necessary to keep track of the cattle to keep them out of riparian areas and in the right fields. This permit is well watered with good grass.

REMARKS: Here is an opportunity to acquire a large forest permit. The permit is about 29,000 acres. The owner has 320 acres of deeded land joining the permit. It is not for sale, but he will let a buyer use the facilities to bring in cattle and haul them out. He also has a well with a solar pump that he would let a buyer use if needed to water some cattle. Permits are not for sale very often, so don't miss out on this one!
